

I am pleased to announce that we will not only show our Columbia 30 Sport Yacht at the 2007 San Diego, CA Boat show, January 4-7 at the San Diego Convention Center (Marriott Marina), but we will also introduce our NEW Columbia 30 Sprint!
The need for the Columbia 30 Sprint is clear.

Over the past year, the Columbia 30 Sport Yacht has proven itself to be a capable distance racer. Owners have excelled in offshore and coastal races, some in excess of 300 nautical miles. The boats have demonstrated their strength, durability and performance in wild ocean conditions and true wind speeds of 40 knots. The Columbia 30 Sport Yacht is a true pocket ocean racer.

While many of our owners enjoy offshore distance racing, we understand that this type of sailing and racing is not for everyone. Most sailing is done one afternoon at a time. And, most day sailors, buoy racers or even weekend cruisers just don't require – and prefer not to have onboard – most of the equipment required for offshore racing. There should be a Columbia that meets these sailors' needs.

Priced at \$78,400, the new Columbia 30 Sprint is configured for day sailing and buoy racing. The Sprint is lighter than the Columbia 30 Sport Yacht and is less complex. The Sprint is more affordable and therefore easier to build One Design racing classes. It will also be easier to trail, set up and pack for "away" regattas.

As always, if you are interested in the new 2007 Columbia 30 Sport Yacht, or in the Columbia 30 Sprint, please e-mail us at info@columbiayachts.com or call us directly, (714) 557-0712.

Come see us at the San Diego boat show, January 4-7, Dock E-1.

Good sailing,

Vince Valdes
President, Columbia Yacht Corporation
